

Abacus Mobile.

Bring the mobile world into your business success!

Abacus Mobile is a web-based point-of-sale mobile solution designed for travel consultants to help them meet the rising demands and changing market needs of the travel industry from their smartphones. Configured with multiple language options such as English, Traditional and Simplified Chinese, and Russian, Abacus Mobile allows travel consultants to stay connected and help customers keep an effortless travel schedule, even when they step out of the office.

This user-friendly and ultra convenient programme is a part of Abacus' suite of mobile solutions and is designed with rich functionalities to enable travel consultants to extend support to customers during urgent or critical situations, such as flight delays and date changes. With Abacus Mobile, you can now provide value-added services that translate into greater customer retention, boosting sales and productivity.
